### BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT

### Introduction

Given the heightened significance of global climate change, sustainability has emerged as a key priority. Pidilite Industries Limited ("Company") is committed to comprehensive organizational development, clearly focusing on embedding Environmental, Social and Governance (ESG) considerations throughout its value chain. The environmental performance of the Company was primarily driven by the focus on reduction in consumption of fresh water & energy, reduction in Greenhouse Gas Emissions, increasing the usage of renewable energy and reduction and recycling of waste with focus on plastic packaging. The Corporate Social Responsibility (CSR) initiatives were directed towards the wellbeing of the vulnerable and marginalised communities and focused on issues such as education, women empowerment, skill development, agriculture, water management and sanitation. By incorporating ESG principles into these critical areas, the Company aims to foster a sustainable business model that creates long-term value for its stakeholders.

Over the past few years, the Company has been monitoring its ESG parameters and publishing its Sustainability Report since FY 2018-19. With a strong foundation in place, the transformation is based on the concept of sustainable development at the core of its operations. The leadership sets the tone of the Company's culture and the practices are followed across the organisation. The Company has broadened its perspective and consequently, the strategy is to inculcate more stringent environmental targets along with social and governance aspects with special focus on climate risks.

This report has been developed in accordance with the guidelines set forth by the Securities & Exchange Board of India (SEBI) for Business Responsibility and Sustainability Reporting (BRSR).

### Governance, Leadership and Oversight

Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets, and achievements

The Company has a comprehensive Sustainability strategy that seamlessly incorporates material ESG related challenges into its decision-making processes. The environmental focus is on reduction in consumption of fresh water & energy, reduction in Greenhouse Gas (GHG) emissions, increasing the usage of renewable energy and reduction and recycling of waste with focus on plastic packaging. On the social front, the focus is to cultivate a thriving work environment by building a diverse workforce, investing in enhancing the workforce's skills, career development pathways, and ensuring the workforce's overall well-being. The Corporate Social Responsibility (CSR) initiatives are directed towards sustainable development through focused initiatives to improve the quality of life and the wellbeing of local communities.

The Company has established long term targets for reducing freshwater consumption, optimizing energy consumption, increasing usage of renewable energy, recycle / reduce / reuse of plastic packaging and reducing waste disposed to landfill. Robust systems are in place to monitor the performance of environmental targets. Various initiatives are regularly carried out across the manufacturing locations to improve environmental performance.

The Company continues to elevate occupational safety conditions and overall health and safety culture across the business. Safety performance improvement focuses more on leading indicators like near miss/unsafe act/condition reporting, audits, surveys etc. The Company has deployed several key initiatives to improve overall health and safety performance like safe handling of hazardous chemicals, machine guarding, contractor safety management, etc. During the reporting period, the Company has implemented Pidilite Life Saving Rules (PLSR's) which comprise of 6 rules focusing on travel safety, permit to work system, working at height, Lifting Safety, Machine guarding & Energy isolation and Adherence to the safety control system.

The Company has always believed in contributing to the betterment of the society where it operates. With the objective to enhance the quality of life and wellness of the surrounding communities, over the past several years, the Company has been involved in several social and community service initiatives that are related to agriculture, animal husbandry, health, education, women's empowerment, water conservation and more.

The Company is committed to comply with all applicable laws and regulations including that of applicable environmental laws and regulations.

|--------------|---|
| NA           | NA  |

4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy:

Though the Company does not have a dedicated Anti-corruption or Anti-bribery Policy, its operations are governed as per the Code of Conduct of the Company. The document is applicable to all the employees of the Company who must abide by the values of the Company.

5. Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption:

| Category  | FY 2022-23 | FY 2021-22 |
|-----------|------------|------------|
| Directors | Nil        | Nil        |
| KMPs      | Nil        | Nil        |
| Employees | Nil        | Nil        |
| Workers   | Nil        | Nil        |

6. Details of complaints with regard to conflict of interest:

| Торіс  | FY 2022-23 | FY 2021-22 |
|--|------------|------------|
| Number of complaints received in relation to issues of Conflict of Interest of the Directors | Nil        | Nil        |
| Number of complaints received in relation to issues of Conflict of Interest of KMPs          | Nil        | Nil        |

7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest.

Not Applicable.

### PRINCIPLE 2: Businesses should provide goods and services in a manner that is sustainable and safe.

### **ESSENTIAL INDICATORS**

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively:

| Туре                         | FY 2022-23 | FY 2021-22 | Details of improvement in social and environmental aspects  |
|------------------------------|------------|------------|---|
| Research & Development (R&D) | 6%         | 3%         | R&D efforts have been to shift from solvent-based adhesives to sustainable alternatives like water-based systems and eco-friendly adhesives.                            |
|                              |            |            | Develop a roof seal coating that meets "Green building" standards and significantly reduces energy consumption for cooling, lowering overall energy costs.              |
|                              |            |            | Incorporate sustainable raw materials in manufacturing without compromising cost and performance parameters.  |
|                              |            |            | Invest in technology to reduce the weight of multilayer packaging (MLP), using innovative materials and techniques to minimize quantity of MLP introduced into markets. |
|                              |            |            | 5. Exploring possibilities of plastic reduction through selection and use of alternate materials and by redesigning our packs.  |
|                              |            |            | Utilize Post Consumer Recycled (PCR) plastics in packaging to promote circularity and decrease reliance on virgin plastic materials.                                    |
|                              |            |            |   |

| Capital Expenditure (CAPEX) | 1.69% | 1.18% | Implementing a waste heat recovery system to decrease boiler operating time, resulting in reduced fuel consumption and air emissions.                                    |
|-----------------------------|-------|-------|--|
|                             |       |       | Adopting a wash water recovery system to minimize the usage of fresh water.  |
|                             |       |       | 3. Transitioning to PNG (Piped Natural Gas) as a fuel source to lower air emission intensity.  |
|                             |       |       | <ol> <li>Utilizing energy-efficient heat pumps to generate hot DM<br/>water for the manufacturing process, thereby reducing fuel<br/>consumption for boilers.</li> </ol> |
|                             |       |       | 5. Replacement of air operated pumps (AODD) with electrical centrifugal pumps.   |
|                             |       |       | 6. Replacement of conventional fans with high energy efficient BLDC fans.  |
|                             |       |       | 7. Reallocation of windmills between units to utilize maximum wind power available.  |
|                             |       |       | 8. Replacement of compressors with energy efficient compressors.   |
|                             |       |       | 9. Replacement of existing AC with energy efficient AC.  |
|                             |       |       | 10. Installation of Variable frequency drives.   |
|                             |       |       | 11. Installation of motion sensors for lighting applications.  |
|                             |       |       | 12. Day light savings in ware houses by providing transparent roof sheets.   |

### 2. a. Does the entity have procedures in place for sustainable sourcing?

The Company currently has supplier Code of Conduct and is in the process of formulating sustainable sourcing policy.

b. If yes, what percentage of inputs were sourced sustainably?

Not Applicable

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

| Product                           | Process to safely reclaim the product  |
|-----------------------------------|--|
| a. Plastics (including packaging) | The Company uses a variety of plastics as packing material, including multilayer plastics. Ensuring compliance with the Plastic Waste Management (PWM) Rules 2016, the Company follows the Extended Producer Responsibility (EPR) approach to manage plastic packaging waste in its downstream operations. The Company has engaged Central Pollution Control Board (CPCB) approved contractors for collection and channelizing the collected plastics to CPCB authorized recyclers/enc of life processors. |
|                                   | The plastic wastes generated in manufacturing facilities are channelized to Pollution Control Board (PCB) authorized plastic waste processors.   |
| b. E-Waste                        | E-waste from Company's establishments are collected and disposed off through PCB authorized vendors.   |
| c. Hazardous Waste                | Hazardous waste from manufacturing units and warehouses is disposed off through PCB authorized hazardous waste recyclers/co-processors/landfill facilities.  |
| d. Other Waste                    | Other wastes are disposed off through approved waste management agencies.  |

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, EPR under Plastic Waste Management (PWM) Rules, 2016 is applicable. The collection done is in line with the EPR plan submitted to Central Pollution Control Board (CPCB). In FY 2022-23, as part of EPR, the Company collected 19,562 MT of Category I, 3,473 MT of Category II and 1,547 MT of Category III of post-consumer plastics. 100% of Category I & II plastics (total 23,035 MT) is recycled through the Pollution Control Board (PCB) authorized recyclers and 100% of Category III plastics (1,547 MT) are sent for end of life processing (co-processing).

### **ESSENTIAL INDICATORS**

### 1. a. Details of measures for the well-being of employees:

|            |                     | % of employees covered by |          |          |           |           |            |           |          |          |            |

| Sr. No. | Benefits | No. of<br>employees<br>covered as<br>a % of total<br>employees | No. of<br>workers<br>covered as<br>a % of total<br>worker | Deducted<br>and<br>deposited<br>with the<br>authority<br>(Y/N/N.A.) | No. of<br>employees<br>covered as<br>a % of total<br>employees | No. of<br>workers<br>covered as<br>a % of total<br>worker | Deducted<br>and<br>deposited<br>with the<br>authority<br>(Y/N/N.A.) |  |
| 1       | PF       | 100%   | 100%  | Yes   | 100%   | 100%  | Yes   |  |
| 2       | Gratuity | 100%   | 100%  | Yes   | 100%   | 100%  | Yes   |  |
| 3       | ESI      | 3%   | 100%  | Yes   | 5%   | 100%  | Yes   |  |

3. Accessibility of workplaces: Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

The Company endeavors to become a more inclusive organization wherein there is a planned refurbishment of all its facilities. The Company is committed to creating an inclusive environment for individuals with disabilities. As part of this effort, the Company has implemented wheelchair-accessible ramps and side railings to ensure accessibility and ease of movement for everyone.

### 4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy:

The Company does not discriminate against any of its employees and have a comprehensive Code of Conduct. The associated policies cover issues related to fraud, bribery, corruption, human rights, and discrimination and detail the relevant corrective measures. They follow the principles of equal opportunity and are consistently working towards establishing an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016.

### 5. Return to work and Retention rates of permanent employees and workers that took parental leave:

|        | Permanent           | Employees      | Permanent Workers   |                |  |
|--------|---------------------|----------------|---------------------|----------------|--|
| Gender | Return to work rate | Retention rate | Return to work rate | Retention rate |  |
| Male   | 100%                | 93%            | _*                  | -              |  |
| Female | 100%                | 80%            | -                   | -              |  |
| Total  | 100%                | 93%            | -                   | -              |  |

<sup>\*</sup> No worker has applied for parental leave during FY 2022-23.

### 6. Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief:

| Category                          | Yes/No (If yes, give details of the mechanism in brief)  |
|-----------------------------------|--|
| Permanent<br>Workers              | Permanent Employees / workers / other than permanent employees and workers are encouraged to share their concerns with their Reporting Manager or the members of the senior management. Employees can  |
| Other than Permanent<br>Workers   | reach out independently to the Human Resource Function if they so choose to. The Company has an open-door approach, wherein any employee irrespective of hierarchy has access to the senior management.  In addition, the whistle blower policy allows all our employees to report any kind of suspected or actual   |
| Permanent<br>Employees            | misconduct in the organization in an anonymous manner by dialing the toll free no (Ethics hotline 1800-102-6969) or writing e-mail to <a href="whitelellower@pidilite.co.in">whistleblower@pidilite.co.in</a> or <a href="mailto:report@integritymatters.in">report@integritymatters.in</a> . Stakeholders other than permanent employees of the Company can also raise their grievances via e-mail to the concerned |
| Other than Permanent<br>Employees | person/management. Further, the Company has Safety Committees at plants to handle grievances related to health & safety.   |

### 7. Membership of employees and worker in association(s) or Unions recognized by the listed entity:

|                   | F   | / 2022-23 (Current F   | Y)      | FY 2021-22 (Previous FY)                                      |  |        |  |  |
|-------------------|---|--|---------|---|--|--------|--|--|
| Category          | Total employees<br>/ workers in<br>respective<br>category (A) | No. of employees<br>/ workers in<br>respective<br>category, who<br>are part of<br>association(s) or<br>Union (B) | % (B/A) | Total employees<br>/ workers in<br>respective<br>category (C) | No. of employees / workers in respective category, who are part of association(s) or Union (D) | %(D/C) |  |  |
| Total Permanent E | mployees  |  |         |   |  |        |  |  |
| Male              | 6,738   | 67   | 1%      | 6,060   | 82   | 1%     |  |  |
| Female            | 396   | 1  | 0.3%    | 368   | 1  | 0.3%   |  |  |
| Total Permanent W | orkers  |  |         |   |  |        |  |  |
| Male              | 167   | 123  | 74%     | 152   | 123  | 81%    |  |  |
| Female            | 9   | 8  | 89%     | 9   | 7  | 78%    |  |  |

### 8. Details of training given to employees and workers:

|             | FY 2022-23 (Current FY) |         |                     |         |                 | FY 2021-22 (Previous FY) |                                       |         |                         |         |

### 10. Health and safety management system:

| Whether an occupational health and safety management system has been implemented by the entity? (Yes/No)     If yes, the coverage of such system? | Yes, the Occupational Health and Safety Management System has been implemented in all manufacturing facilities and Research & Development Laboratory. The health and safety management system follows ISO 45001: 2018, which is an internationally recognized standard for ensuring occupational health and safety.   |
|---|---|
| b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?                | I. Job Safety Analysis ("JSA") is used for both routine and non-routine activities to carefully analyze and identify potential hazards associated with specific tasks.     II. Hazard and Operability Study ("HAZOP") for identifying hazard related to chemical processes.     III. Industrial Hygiene monitoring is used for identifying health hazards during employment.     IV. Fire Risk assessment is used for identifying fire related risks.     V. Periodic EHS audits by internal trained auditors and external auditing agencies.   |
| c. Whether you have processes for<br>workers to report the work-related<br>hazards and to remove themselves<br>from such risks? (Yes/No)          | Yes, the Company has established effective mechanisms for reporting work-related hazards. If any worker identifies a hazard, they can promptly report it to their supervisor. The hazard observation is then recorded in the EHS portal under categories such as Unsafe Acts, Unsafe Conditions, or Near Miss incidents. The reported unsafe acts or conditions are investigated, and the progress of implementing corrective actions is closely monitored until completion. These reports are centrally reviewed during EHS performance review meetings, with attention given to their frequency and closure. Also, during the Safety committee meeting/Gemba walks, workers share any potential risk they have observed on the shop floor and the same is corrected within the time frame. In addition to this, the Company is also having suggestion box system where workers can provide their feedback/suggestion related to workplace hazards elimination/reduction measures. |
| d. Do the employees/ worker<br>of the entity have access to<br>non-occupational medical and   | Yes, all the employees and workers are having access to non-occupational medical and health care services.  |

### 11. Details of safety related incidents, in the following format:

healthcare services? (Yes/ No)

| Safety Incident/Number                           | Category  | FY 2022-23 | FY 2021-22 |

| Lost Time Injury Frequency Rate                  | Employees | -          | -          |
| (LTIFR) (per one million-person<br>hours worked) | Workers   | 0.48       | 0.28       |
| Total recordable work-related injuries           | Employees | -          | -          |
|  | Workers   | 5          | 3          |
| No. of fatalities                                | Employees | -          | -          |
|  | Workers   | 1          | 1          |
| High consequence work-related injury             | Employees | -          | -          |
| or ill-health (excluding fatalities)             | Workers   | -          | -          |

# Pidilite Annual Report 2022-23

### 12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

The health and safety management system are based on ISO 45001:2018, the International Standard for Occupational Health and Safety. The key focus areas remain the safety of our people by investing in technologies and processes that eliminate / minimize the interface of man and machinery. A few of the examples are automation in processes, process safety control, fire protection systems, machine guarding, tamper proof interlocks on packaging machineries etc. The processes on which we are focusing are Permit Management Systems, EHS SOPs & technical specifications implementation, Risk Assessments e.g., HAZOP, JSA, Audits etc.

At the design stage of any process, the focus is on eliminating the hazards or providing engineering controls to control the various hazards during manufacturing. The Company has implemented Project Risk Assessment (PRA) for assessing risks for all new or significant modifications of processes, plants, equipment and buildings. In our new plants automation and process control systems are being embedded as part of the design. Further, the Company has a systematic process for identification of work-related hazards through periodic assessments of workplace activities through various internal and external audits and action planning to mitigate or eliminate the identified hazards.

The Company provides Health & Safety training to all concerned during initial employment and on an annual basis. During the reporting period, the Company has implemented Pidilite Life Saving Rules (PLSR's) which comprise of 6 rules e.g., Travel safety, permit to work system, working at height, Lifting Safety, Machine guarding & Energy isolation and Adherence to safety control system. We have a health protocol in place that includes medical screening and periodic health checks.

### 13. Number of Complaints on the following made by employees and workers:

|                       | FY 2022-2023             |   |         | FY 2021-2022             |   |         |  |
|-----------------------|--------------------------|---|---------|--------------------------|---|---------|--|
| Торіс                 | Filed during<br>the year | Pending<br>resolution at the<br>end of year | Remarks | Filed during<br>the year | Pending<br>resolution at the<br>end of year | Remarks |  |
| Working<br>Conditions | -                        | NA  | -       | -                        | NA  | -       |  |
| Health & Safety       | -                        | NA  |         | -                        | NA  |         |  |

### 14. Assessments for the year:

| Торіс                       | % of your plants and offices that were assessed (by entity or statutory authorities or third parties)                          |
|-----------------------------|--|
| Health and safety practices |  |
|                             | 100%   |
| Working Conditions          | All plants were assessed by Internal Audit (every year), external audit (once in 2 years) and safety inspection by unit heads. |
|                             |  |

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks concerns arising from assessments of health & safety practices and working conditions.

Examples of a few of the corrective actions which are taken as outcome of Incident Investigations/ Assessments are:

- i. As a part of periodic assessments of workplace activities, the Company have identified six high risk areas for improvement. The six areas identified were Contractor Safety, Permit to Work, working at height, Machine guarding and energy isolation, Lifting Safety and Packaging machinery. Gap assessments have been done against the standard/guideline requirements and the identified gaps have been closed.
- ii. A targeted initiative named "360-degree guarding" was carried out to evaluate the adequacy of machinery guarding. Through this campaign, specific action plans were taken to rectify any gaps in the machine guarding.
- iii. Audit was carried out by external agency for Static Electricity risk identification & recommendations are implemented for all identified gaps.
- iv. To enhance overall safety culture within the Company, a comprehensive program called Pidilite Life Saving Rules (PLSR's) was rolled out. This program placed special emphasis on critical areas like Travel Safety, Permit to Work, Working at Height, Energy Isolation and Machine quarding, Lifting Safety and Adherence to safety control system.

### **ESSENTIAL INDICATORS**

### 1. Describe the processes for identifying key stakeholder groups of the entity:

The process of stakeholder engagement involves identifying key internal and external stakeholders followed by analyzing the impact of each stakeholder groups on our business and vice versa. Based on the exercise carried out, the Company has prioritized its key stakeholders to understand their expectations and concerns. Through regular interactions with the stakeholders across various channels, the Company has been able to strengthen its relationships and enhance the organizational strategy.

### 2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group:

| Stakeholder<br>Group          | Whether identified<br>as Vulnerable &<br>Marginalized Group<br>(Yes/No) | Channels of communication  | Frequency of<br>engagement<br>(Annually/ Half yearly/<br>Quarterly /others –<br>please specify) | Purpose and scope of engagement including key topics and concerns raised during such engagement  |
|-------------------------------|---|--|---|--|
| Workforce                     | No  | Trainings Meetings Email interaction Employee satisfaction survey Employee engagement activities Open forums Live chat   | • Ongoing   | Skill development     Workplace satisfaction     Healthy and safe operations     Employee engagement and involvement     Career progression     Emotional and mental well-being  |

- # Represents median remuneration of Directors including those resigned/joined during the year.
- \* Represent total remuneration of the Independent Directors/KMP.
- @ Excludes Key Managerial Personnel who are already covered under Board of Directors
- ^ Represents median CTC

# 4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No).

Yes. Any human rights issues are addressed to the HR function for resolution.

### 5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The Company has a framework that focuses on good governance, our commitment to abide by law, ensuring timely payment of employee salaries, and providing equal opportunities for all. The Company has provided various platforms to facilitate employees to express their concerns e.g. Ethics helpline, Sampark, Mypidilite etc. Any grievances are routed to the Human Resource function and in certain cases to the Ethics Committee. Necessary action is taken in line with underlying polices and regulations applicable to the workplace and the closure is intimated to the aggrieved person. Further, at the factory locations, system of open house forum called 'Khulla Manch' is organized periodically for grievance resolution. In addition, the Code of Conduct for Employees and the Whistle Blower Policy allows all our employees to report any kind of suspected or actual misconduct in the organization in an anonymous manner including grievances.

### 6. Number of Complaints on the following made by employees and workers:

|                                      |                             |  | FY 2022-23  | FY 2021-22                  |  |         |
|--------------------------------------|-----------------------------|--|---|-----------------------------|--|---------|
| Category                             | Filed<br>during the<br>year | Pending<br>resolution<br>at the end<br>of year | Remarks   | Filed<br>during the<br>year | Pending<br>resolution<br>at the end<br>of year | Remarks |
| Sexual Harassment                    | 1                           | -  | The complaint has been investigated and necessary action taken. | 1                           | -  | -       |
| Discrimination at workplace          | -                           | -  | -   | -                           | -  | -       |
| Child Labour                         | -                           | -  | -   | -                           | -  | -       |

| Wages                                | -                           | -  | -   | -                           | -  | -       |
| Other human rights related issues    | -                           | -  | -   | -                           | -  | -       |

### 7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

The Company has a well-defined Whistle Blower Policy and Grievance Redressal Procedure for employees. Any employee can raise the grievance and the same is resolved within the prescribed timelines. Further, an Internal Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 is also in place.

### 8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes.

### 9. Assessments for the year:

|                             | % of your plants and offices that were assessed<br>(by entity or statutory authorities or third parties) |
|-----------------------------|--|
| Child Labour                | 100% of Company's plants are assessed by internal team.  |
| Forced/involuntary Labour   |  |
| Sexual harassment           |  |
| Discrimination at workplace |  |
| Wages                       |  |
| Others – please specify     |  |

## 10. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

There were no significant risks/concern arising from the above assessments.

### **ESSENTIAL INDICATORS**

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

| Parameter  | FY 2022-23 | FY 2021-22 |
|--|------------|------------|
| Total electricity consumption (A) (GJ)   | 1,91,746   | 1,82,225   |
| Total fuel consumption (B) (GJ)  | 4,29,873   | 4,80,682   |
| Energy consumption through other sources (C) (GJ)                                    | -          | -          |
| Total energy consumption (A+B+C) (GJ)  | 6,21,619   | 6,22,907   |
| Energy intensity per rupee of turnover (Total energy consumption/turnover in rupees) | 0.0000059  | 0.0000075  |
| Energy intensity (GJ/MT)   | 1.61       | 2.03       |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Nο

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Not Applicable, as the Company does not fall in the category of industries mandated under the PAT scheme.

3. Provide details of the following disclosures related to water, in the following format:

| Parameter   | FY 2022-23 | FY 2021-22 |  |  |  |  |
|---|------------|------------|--|--|--|--|
| Water withdrawal by source (in kiloliters)                        |            |            |  |  |  |  |
| (i) Surface water   | 44,483     | 27,266     |  |  |  |  |
| (ii) Groundwater  | 1,36,125   | 1,71,119   |  |  |  |  |
| (iii) Third party water   | 5,89,100   | 6,16,027   |  |  |  |  |
| (iv) Seawater / desalinated water                                 | -          | -          |  |  |  |  |
| (v) Others  | -          | -          |  |  |  |  |
| Total volume of water withdrawal (in kiloliters)                  | 7,69,708   | 8,14,412   |  |  |  |  |
| Total volume of water consumption (in kiloliters)                 | 4,33,625   | 4,36,173   |  |  |  |  |
| Water intensity per rupee of turnover (Water consumed / turnover) | 0.0000041  | 0.0000049  |  |  |  |  |
| Water intensity Ratio (KL/MT) (based on water withdrawal)         | 1.99       | 2.49       |  |  |  |  |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Yes, currently we have 22 of total 33 manufacturing facilities considered as zero liquid discharge. We are continuing with our efforts to reduce fresh water consumption by applying the principles of reduce, reuse, recycle and looking for newer technologies in the field.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

| Parameter               | Unit  | FY 2022-23 | FY 2021-22 |
|-------------------------|-------|------------|------------|
| NOx                     | Kg/Yr | 17,528     | 16,754     |
| SOx                     | Kg/Yr | 18,481     | 14,433     |
| Particulate matter (PM) | Kg/Yr | 26,191     | 29,565     |

Note: Persistent Organic Pollutants (POP), Volatile Organic Compounds (VOC) and Hazardous Air Pollutants (HAP), are not being monitored currently.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Stack emissions are monitored by authorized external agency.

Name of external agencies: Padmaja Aerobiological Pvt Ltd., Navi Mumbai, Kadam Environment, Vadodara and Vimta Lab Ltd., Hyderabad.

| Parameter   | Unit                   | FY 2022-23 | FY 2021-22 |  |
|---|------------------------|------------|------------|--|
| Total Scope 1 emissions   | sions tCO2e 9,881      |            | 12,100     |  |
| Total Scope 2 emissions   | tCO2e                  | 33,286     | 32,874     |  |
| Total Scope 1 and Scope 2 emissions per crore rupee of turnover | tCO2e / Rupee turnover | 0.0000041  | 0.00000051 |  |
| Total Scope 1 and Scope 2 emission intensity                    | tCO2e/MT               | 0.11       | 0.14       |  |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

### 7. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide detail.

Yes. With the goals of minimizing carbon footprint and mitigating climate change risks, the Company has undertaken several initiatives to shift to less carbon intensive / renewable fuels. Some of the initiatives include conversion of coal fired boiler into briquette boiler, change of boiler fuel from Furnace oil to PNG. Also new solar panels have been installed in our units and windmills have been maintained to generate electricity in order to reduce the GHG emissions.

### 8. Provide details related to waste management by the entity, in the following format:

| Category of Waste   | FY 2022-23                           | FY 2021-22                        |  |  |
|---|--------------------------------------|-----------------------------------|--|--|
| Total Waste generated (in metric tonnes)                            |                                      |                                   |  |  |
| Plastic waste (A) MT  | 1,120                                | 825                               |  |  |
| E-waste (B) MT  | 4.0                                  | 14.7                              |  |  |
| Bio-medical waste (C)MT   | 2.7                                  | 1.6                               |  |  |
| Construction and demolition waste (D) MT                            | 422                                  | 188                               |  |  |
| Battery waste (E) MT  | 10.7                                 | 3.7                               |  |  |
| Radioactive waste (F)   | -                                    | -                                 |  |  |
| Other Hazardous waste. Please specify if any (G) MT                 | 5,463                                | 6,492                             |  |  |
| Other Non-hazardous waste generated (H). Please specify, if any MT  | 1,601                                | 1,901                             |  |  |
| Total Waste Disposed (A+B + C + D + E + F + G + H) MT               | 8,623                                | 9,426                             |  |  |
| For each category of waste generated, total waste recovered throug  | h recycling, re-using or other recov | ery operations (in metric tonnes) |  |  |
| Category of Waste: Plastic Waste (in Metric Tonnes)                 |                                      |                                   |  |  |
| i. Recycled   | 1,120                                | 825                               |  |  |
| ii. Reused  | -                                    | -                                 |  |  |
| iii. Other recovery operations                                      | -                                    | -                                 |  |  |
| Category of Waste: E-Waste (in Metric Tonnes)                       |                                      |                                   |  |  |
| i. Recycled   | 4.0                                  | 14.7                              |  |  |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N)

FY 2022-23

FY 2021-22

Category of Waste

iii. Other recovery operations

If yes, name of the external agency.

No

Category of Waste: Hazardous Waste (in Metric Tonnes)

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes:

The Company is committed to minimizing its waste disposal intensity, adopting practices of waste reduction, reuse and recycling. Some of the initiatives undertaken are shifting to bulk raw material storage from drum packs, reuse / recycling of packing materials, recycling of equipment wash water, etc. The Company keeps track of its waste disposal intensity and has set KPI for year-on-year reduction. Details of the initiatives are further disclosed in annual sustainability reports available in the public domain at https://pidilite.com/sustainability/.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

None of the manufacturing facilities or offices of the Company falls in or around ecologically sensitive areas.

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

During the financial year 2022-23, no environmental impact assessments of projects were undertaken.

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

Yes, the Company is in compliance with the applicable environmental legislation.

PRINCIPLE 7: Businesses when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

### **ESSENTIAL INDICATORS**

1. a) Number of affiliations with trade and industry chambers/ associations

We are part of 5 leading industry bodies amongst many other associations.

b) List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.

| S. No. | Name of the trade and industry chambers/<br>associations | Reach of trade and industry chambers/ associations (State/National) |
|--------|--|---|
| 1      | Federation of Indian Chambers of Commerce and Industry   | National  |
| 2      | Indian Chemical Council                                  | National  |
| 3      | Confederation of Indian Industry                         | National  |
| 4      | National Chemical Laboratory                             | National  |
| 5      | The Advertising Standards Council of India               | National  |

2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities

No cases were reported related to anti-competitive conduct.

PRINCIPLE 8: Businesses should promote inclusive growth and equitable development.

### **ESSENTIAL INDICATORS**

Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.
 Not Applicable

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity:

Not Applicable

### 3. Describe the mechanisms to receive and redress grievances of the community:

The Company has always believed in contributing to the betterment of the society where it operates. With this objective, the Company is proactively supporting various social and community initiatives for the past several years, even before the concept of Corporate Social Responsibility and statutory requirements thereof came into existence. The Company engages with different stakeholders of the community like farmers, women self-help groups, children through different programs in the areas of agriculture and horticulture, Farmer Producer Organizations, Animal husbandry, initiatives for women, sanitation, water conservation, education, health care and different social and community initiatives. The Company has different engagement programs with stakeholders such as monthly farmers meeting, self-help group women meeting as well as open house programs.

Details of some of such initiatives are given below:

| S. No. | CSR Project                                 | No of persons benefited from CSR Projects   | % of beneficiaries from vulnerable and marginalized group |  |
|--------|---|---|---|--|
| 1      | Agriculture                                 | 18,000 farmers  | 100% of the projects serve                                |  |
| 2      | Farmer Producer Organization                | 1,171 farmers   | the intended beneficiaries.  Please refer to the Social & |  |
| 3      | Animal Husbandry                            | 821 farmers   | Community Initiatives section                             |  |

| 8      | Health (Treatment, vaccination, and others) | More than 45,500 patients   |   |  |

### 4. Percentage of input material (inputs to total inputs by value) sourced from local or small-scale suppliers:

|   | FY 2022-23 | FY 2021-22 |
|---|------------|------------|
| Directly sourced from MSMEs/ Small producers                        | 13%        | 10%        |
| Sourced directly from within the district and neighboring districts | 66%        | 46%        |

### PRINCIPLE 9: Businesses should engage with and provide value to their consumers in responsible manner.

### **ESSENTIAL INDICATORS**

### 1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback:

The Company has an online complaint management system where all customer complaints are recorded. Upon receipt of the complaints, these are investigated and based on the root cause analysis the corrective and preventive actions are taken. The feedback of the actions are communicated back to the complaint initiator.

### 2. Turnover of products and services as a percentage of turnover from all products/service that carry information about:

|   | As a percentage to total turnover |
|---|-----------------------------------|
| Environmental and Social parameters relevant to the product | 100                               |
| Safe and responsible usage                                  | 100                               |
| Recycling and/or safe disposal                              | 100                               |

### 3. Number of consumer complaints:

|   | FY 2022-23                  |   |         | FY 2021-22                  |   |         |
|---|-----------------------------|---|---------|-----------------------------|---|---------|
|   | Received during<br>the year | Pending<br>resolution at the<br>end of year | Remarks | Received during<br>the year | Pending<br>resolution at the<br>end of year | Remarks |
| Data privacy                              | Nil                         | -   | -       | Nil                         | -   | -       |
| Advertising                               | 2                           | -   | -       | Nil                         | -   | -       |
| Cyber-security                            | Nil                         | -   | -       | Nil                         | -   | -       |
| Delivery of essential services            | NA                          | -   | -       | NA                          | -   | -       |
| Restrictive Trade<br>Practices            | Nil                         | -   | -       | Nil                         | -   | -       |
| Unfair Trade<br>Practices                 | Nil                         | -   | -       | Nil                         | -   | -       |
| Others<br>(Product related<br>complaints) | 2,612                       | 3   | -       | 1,580                       | 11  | -       |

### 4. Details of instances of product recalls on account of safety issues:

|                   | Number | Reason for recall |
|-------------------|--------|-------------------|
| Voluntary recalls | -      | NA                |
| Forced recalls    | -      | NA                |

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy:

Yes. The Company has an Information Security Policy to guide on the controls to be incorporated under security domains for appropriate use of Information and Information Technology within the business. The policy is applicable to all employees, vendors, contractors, consultants and other temporary workers of the Company and its subsidiaries. The policy is available on the Company's intranet.

6. Provide details of any corrective actions taken or underway on issues relating to advertising and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services:

There are no product complaints, which have attracted penal action by regulatory authorities during the reporting period.
